

Needed: Marlboro Town Representative to Rescue Inc Ambulance Service

Rescue Inc provides ambulance services for 15 towns, including the eastern two thirds of Marlboro. Each town is allotted a position on Rescue's Board of Trustees. Representatives attend one board meeting on the third Tuesday of each month, and are expected to also serve on a committee that will also meet approximately once per month (times vary).

Allison Turner has served as the representative from Marlboro for almost seven years, and found the experience challenging and very rewarding. Rescue Inc's EMTs are considered to be some of the very best, and they respond to over 4500 emergencies per year.

You might wish to apply if you have banking and financial expertise, business expertise, fundraising and public relations experience or simply have the energy and interest to ensure Rescue Inc continues to be an excellent service for the town of Marlboro.
