

TOWN OF MARLBORO
CONSERVATION COMMISSION MEETING MINUTES
Monday, May 01, 2017, 6:30 PM

Attendance: Ashley Bies, Dante Corsano, Adam Gebb, Kevin Kennedy and Lucia Kloster

Consider how we can help the Select Board to fill the 2 empty spaces on the CC.

- A post was put up on the Marlboro News, Weather and Hearsay Facebook group by Lucia.
- Personal contacts will be made to a few potential people.

Report and Discussion on the Apr. 25th Planning Commission hearing (Ashley)

- Ashley reported on the Apr. 25th Planning Commission hearing on proposed road crossings.
- At the PB hearing on Tuesday it came to light that at least one of the 25 crossing areas is mis-mapped (which indirectly caused considerable time and energy being expended on both the affected landowner's part and that of all those present, PB and CC members inclusive). We are therefore urgently requested to re-take the coordinates for this crossing (#7), as well as to check on and update the others as needed.
- Ashley updated the CC on the coordinates he has corrected and flagged. Ashley and Lucia will continue to re-take the coordinates on May 4th.

Review of currently proposed wildlife road crossings

- No adjustments or additional proposes will be made.
- A review of wildlife movement and habitat in Marlboro was presented.
- A long-term plan to add potential additional wildlife crossings was discussed.

Begin review of wildlife movement and habitat in Marlboro, and planning of potential additional road crossings.

- Areas of potential additional road crossings were discussed.
- Members will begin to explore and map out potential additional wildlife road crossing, and mark for further discussion.
- Possible map update. Adam will contact Jeff Nugent on a possible map update.

Update on planned CC input to Hogback Preservation Committee

- Adam will represent CC at the upcoming HPC meeting on May 10th, in coordination with Mike Purcell.

Consider our preferred meeting facilitation process.

- The commission decided to keep to the current meeting facilitation process.

Select a CC Vice Chair.

- The members unanimously selected Kevin Kennedy as the CC Vice Chair.

Schedule our next meeting

- The next CC meeting will be at 6:30 pm on Monday, June 5, 2017 at the town hall. Monica Prezyperhardt will offer the BioFinders training at that time. An additional CC meeting is pending for Monday, May 12th at 6:30 pm.
