Communications

WRC is anticipating funding for technical assistance to as least 3 towns looking to develop an enhanced energy element for their municipal plan.

Edie reported back from attending the Wastewater Solutions for Villages. A peer group of interested Towns will be formed by the Windham Regional Commission, and the WRC is planning to submit a Municipal Planning Grant for a consortium of towns to provide technical assistance to evaluate village needs and help fund solutions. The PC supports and encourages Edie's efforts to bring this to gain approval of the Select Board to participate in the efforts of WRC, and to bring it to the attention of Village property owners, with the goal of forming a committee to advocate for solutions.

Discussion of Town Plan revisions

Staley has begun incorporating our edits into the Revised Town Plan document.

We reviewed edits on Sections D and F, and will continue with the remaining sections at our next meeting.

Meeting adjourned 6:48 PM Next meeting: September 11, 5 pm, Town Offices.

Respectfully submitted,

Don Sherefkin
