Other Business

Windham Regional Commission

The Planning Commission approved the recommendation to the Select Board for Edie Mas and Will Shakespeare to represent Marlboro at WRC meetings.

The Planning Commission will contact the Select Board to see if they want the PC to contact the WRC on how it might help the town evaluate the economic impact of the closure of Marlboro College.

Staley presented a proposed addition to the Permit to Approach Town Highway (Driveway Permit Application). We requested that the Select Board take up this recommendation:

11. Please note that building or doing work more than 500 feet from a State Highway or a Class 2 or 3 town road will be within the Wildlife Habitat Overlay Zoning District and may require a Conditional Use Permit before work can begin. If contemplating work in this area, contact the Zoning Administrator for more information.

Bennett presented Jeff Nugent's maps for the Town.
The Conservation Commission's Proposed Wildlife Crossing map was reviewed.

Continued Discussion of Town Plan revisions

B. Education and Childcare

G. Natural Resources

Adjourned at 7:05 PM

Next Meeting will be April 14th

Respectfully submitted,
Don Sherefkin
