Review, Discussion, & Approval of Road Painting on South Road:

Andrew outlined the plans and costs for striping the white lines (fog lines) on South Road from Route 9 to the old College Campus. Andrew noted that the center yellow lines must be done by the State and he is working with them on that. Based on the distance needed and a \$0.14 per linear foot, the total cost of the project would be approximately \$4,500. The plan is to use Eleven (11) foot lanes, switching to Ten & a Half (10.5) foot lanes at the point(s) where the speed limit drops down to 25 MPH.

Motion: Approve the “stripping” of the “fog lines” on South Road from Route 9 to the college campus (where road reverts to dirt) at an approximate cost of \$4,500 with a appropriate narrowing of the lanes as discussed. (Skramstad/Welch – Passed unanimously)

Motion to Adjourn @ 1:00p (Welch/Skramstad – Passed unanimously)
